BACCARIS
PARIS

BACCARIS
PARIS

Exclusivement pensé pour les architectes et les professionnels du secteur hôtelier et de la restauration, ce catalogue met en avant une sélection de luminaires qui allient design, fonctionnalité et élégance.

Nos lampes respectent les codes du luxe contemporain : proportions équilibrées, textures raffinées, jeux subtils de lumière et de matière et transforment chaque espace en un lieu à l'atmosphère unique et raffinée.

Exclusively designed for architects and professionals in the hospitality and restaurant industry, this catalog showcases a selection of luminaires that combine design, functionality, and elegance.

Our lamps embody the codes of contemporary : luxury balanced proportions, refined textures, and subtle plays of light and material transforming every space into one with a unique and sophisticated atmosphere.

BACCARIS

PARIS

Baccaris est une maison d'édition française de luminaires, née de la passion commune de ses fondateurs, **Jean-Edouard Cistacq** et **Myriam Magra**, pour le design et les objets intemporels. Leur parcours riche de dix années dans l'univers du design les a menés à franchir un cap : **créer une maison à leur image, mêlant héritage et innovation.**

Au-delà de nos collections, **nous concevons et produisons des luminaires sur mesure : vous dessinez, nous produisons.**

Parce que chaque projet est unique, nous mettons un point d'honneur à offrir des solutions personnalisées. Nous vous accompagnons tout au long du processus du dessin initial au prototype, jusqu'à la production finale et livraison sur site.

Baccaris, où chaque lumière est un héritage revisité.

Baccaris is a French lighting publishing house, born from the deep and shared passion of its founders, **Jean-Edouard Cistacq** and **Myriam Magra**, for design, timeless crafted objects, and enduring beauty. Their decade-long journey within the world of design ultimately led them to take a decisive step: **creating a house in their image, blending heritage and innovation.**

Beyond our collections, **we design and produce bespoke lighting fixtures: you design it, we bring it to life.**

Because every project is unique, we take a pride in offering personalized solutions.

We accompany you throughout the entire process from the initial sketch to the prototype, all the way to final production and on-site delivery.

Baccaris, where every light is a revisited legacy.

SUR-MESURE

B E S P O K E

Du sur-mesure à l'infini

Vous ne trouvez pas exactement le luminaire qu'il vous faut dans notre catalogue ? Baccaris le réalise pour vous.

Notre démarche est simple et collaborative : vous dessinez, nous fabriquons. **D'un simple croquis**, nos équipes développent une modélisation 3D et un devis précis, suivis de la création d'un prototype **jusqu'à la production finale**. Nous assurons la livraison partout, y compris directement sur site.

Qu'il s'agisse d'adapter une collection existante aux contraintes d'une chambre, d'agencer un espace spécifique ou d'apporter votre propre patte créative à un projet architectural, tout est possible.

Parce que chaque projet est unique, nous maîtrisons l'ensemble des exigences techniques : intégration de systèmes de gradation DALI, **réalisation de toutes les normes d'étanchéité IP**, ou encore développement de finitions spécifiques sur demande, **y compris des traitements adaptés au front de mer et aux environnements outdoor** soumis aux embruns. De la pièce sur mesure d'exception même de très grande dimension jusqu'à la production en grande série, nous donnons vie à toutes vos ambitions lumineuses.

Tous nos luminaires sont certifiés aux normes CE pour l'Europe et ETL pour l'Amérique du Nord. Pour toute autre spécification internationale, nous pouvons également faire réaliser les certifications nécessaires à votre projet.

Bespoke Solutions, Without Limits

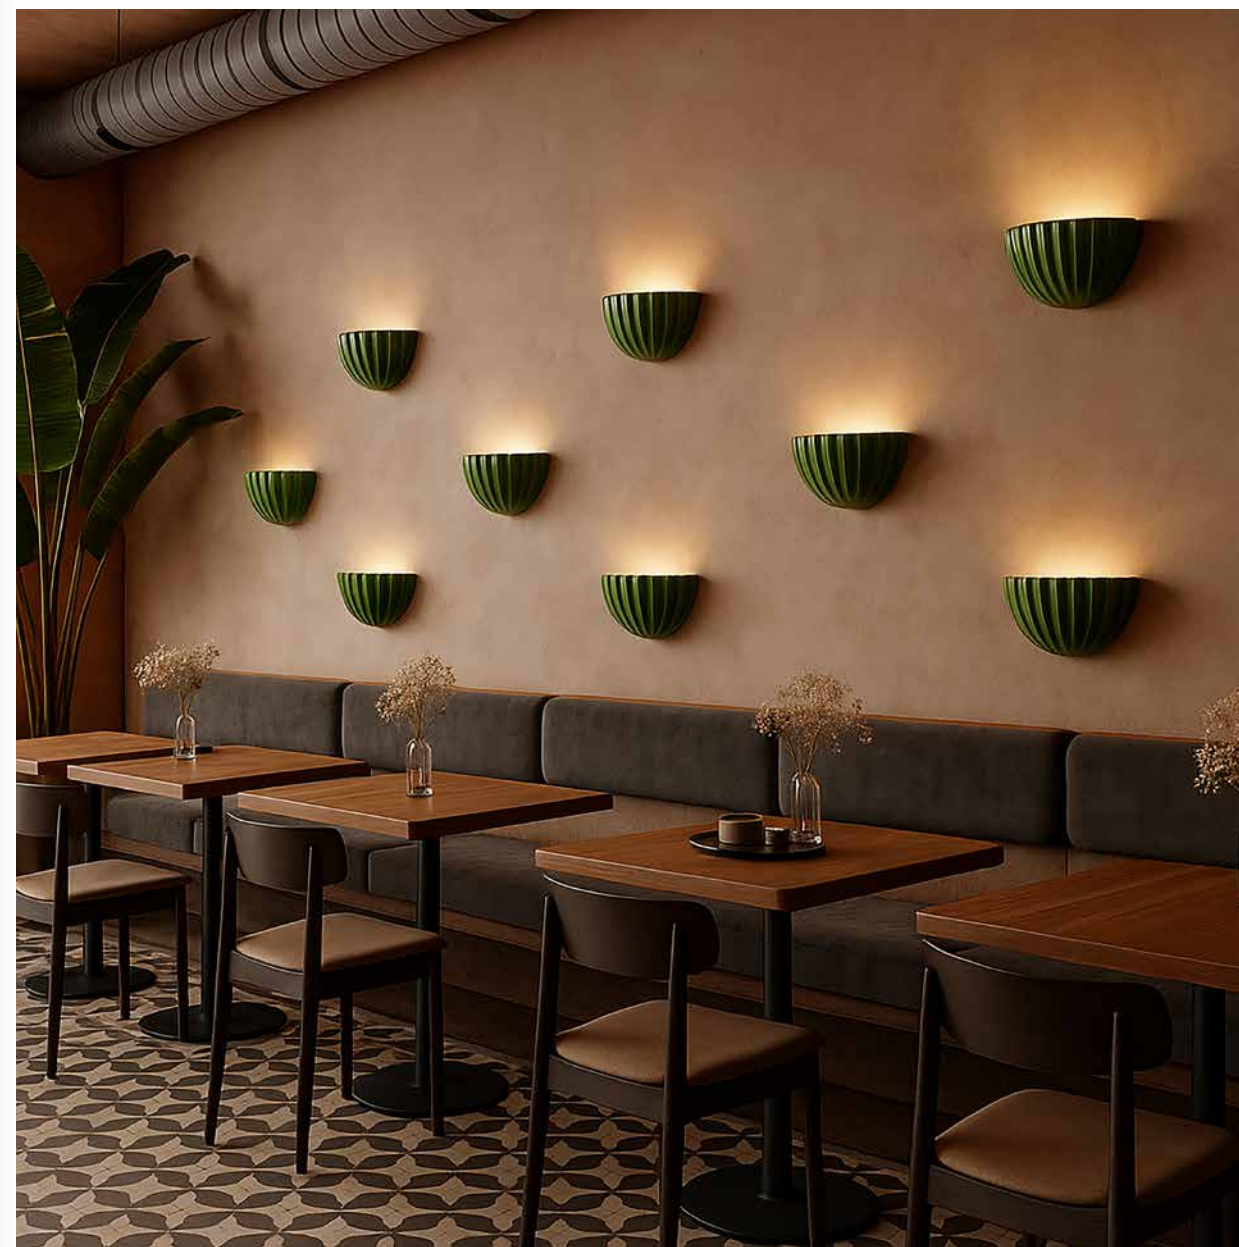

**Can't find exactly what you're looking for in our catalogue?
Baccaris will create it for you.**

Our process is simple and collaborative: you design, we manufacture. **From a simple sketch**, our teams develop a 3D model and a precise quotation, followed by prototype creation right through **to final production**. We handle delivery worldwide, including direct-to-site delivery.

Whether it's adapting an existing collection to the constraints of a guest room, outfitting a specific space, or bringing your own creative touch to an architectural project, anything is possible.

Because every project is unique, we master all technical requirements: DALI dimming integration, compliance with all **IP waterproof ratings**, and custom finishes developed upon request, including **marine-grade treatments for oceanfront and demanding outdoor** environments. From exceptional, monumental custom pieces to full-scale mass production, we bring all your lighting ambitions to life.

All our luminaires are certified to CE standards for Europe and ETL for North America. For any other international specifications, we can also have the necessary certifications obtained for your project.

L'HISTOIRE BACCARIS

Baccaris : Créateurs de luminaires sur mesure

Chez Baccaris, nous concevons et réalisons des luminaires sur mesure pensés pour répondre à chaque projet avec exigence, élégance et précision.

Nous collaborons étroitement avec différentes usines et ateliers partenaires, en Europe et à l'international, afin de sélectionner les meilleurs matériaux et de valoriser les savoir-faire les plus justes. Chaque création naît d'un dialogue entre design, technique et artisanat.

Notre mission est d'accompagner chaque professionnel architecte, décorateur, maison d'édition ou hôtelier dans la réalisation de luminaires uniques, parfaitement adaptés à leurs besoins esthétiques, techniques et budgétaires.

De la phase de développement au prototype, jusqu'à la production et la livraison partout dans le monde, nous assurons un suivi complet et rigoureux, avec le souci constant de la qualité et du meilleur rapport entre savoir-faire et prix.

BACCARIS STORY

Baccaris: Creators of Bespoke Lighting

At Baccaris, we design and craft bespoke lighting fixtures tailored to meet the specific demands of each project with precision, elegance, and high standards.

We work closely with various partner factories and workshops, both in Europe and internationally, to select the finest materials and highlight the most skilled craftsmanship. Each creation emerges from a dialogue between design, technology, and artisan expertise.

Our mission is to support professionals architects, interior designers, publishers, and hoteliers in the development of unique lighting pieces perfectly suited to their aesthetic, technical, and budgetary requirements.

From the development phase to prototyping, and all the way through production and worldwide delivery, we provide thorough and meticulous project management, with constant attention to quality and the best balance between craftsmanship and cost.
